

### INCREASING THE LONGEVITY OF YOUR HYDRAULIC PARTS

If we can help you save money by repairing a part rather than replacing it, we will. We'll even manufacture our own parts so you don't have to buy a new cylinder. Sometimes we can save you up to half of the cost of buying a new cylinder. [Read more...](#)

At **Champion Hydraulics**, our job is keep your hydraulic components working properly for the long haul. We only offer quality parts from the best hydraulic component manufacturers, and take the time to troubleshoot to determine your applications and requirements before we recommend a repair. And that's why our customers continue to trust us for all of their hydraulic service needs.

We keep your hydraulic equipment running like a champion every time, so you can enjoy cost-savings, enhanced productivity and peace of mind.

### HYDRAULIC SERVICE EXPERTS

**DAN**  
Owner

Owner Dan Powers got his start in the hydraulics industry working on hydraulic aviation equipment for the U.S. Navy. Then, after spending several years working for other hydraulic service companies in northern and central Indiana, he decided to launch his own company in 2001 with a commitment to quality service — the driving force behind Champion Hydraulics today.

### ABOUT CHAMPION HYDRAULICS, INC.

#### CENTRAL INDIANA HYDRAULIC SERVICE CENTER

Champion Hydraulic comes with decades of experience. Founded in 2001 in central Indiana, Champion is a complete provider of parts and service for the industrial and commercial hydraulics industry. We offer comprehensive maintenance and repair of hydraulic equipment and machinery across a wide range of industries, plus component sales of hydraulic cylinders, motors, pumps, hoses, power units, and more.

No job is too big or too small for Champion Hydraulics. We provide the same responsive service and fast turnaround for all our customers. So whether you need us to troubleshoot your problem, maintain your hydraulic machines, repair your equipment in our shop or on your site, or design a system that works for your particular business, we can help.

The company services its customers from its Brownsburg, Indiana hydraulic service center. Service areas include the state of Indiana (including Indianapolis, Crawfordsville, Lafayette, Fort Wayne), as well as parts of Illinois and Kentucky.

Champion Hydraulics is also an authorized distributor for these industry-leading hydraulic manufacturers:

- **Kuryama of America:** quality, industrial hoses & accessories
- **Lynair, Inc.:** heavy duty air cylinders & hydraulic cylinders
- **Tompkins Industries, Inc.:** hydraulic adapters, fittings and accessories

**HYDRAULIC SERVICES**

POWERING THE PRODUCTS YOU DEPEND ON

We know keeping your equipment up and running is your top priority. So when a machine doesn't work properly, it can mean missing a deadline, losing revenue, or both.

Champion Hydraulics can help keep your equipment going. By troubleshooting, then performing maintenance or repair on your hydraulic equipment, we increase the longevity of your hydraulic parts, which will save you money in replacement costs.

Champion Hydraulics offers you one source for all of your hydraulic service needs. We offer repair service for all types of equipment as well as size requirements. Our services range from welding to machining and honing. We also work with your needs, so we'll pickup and deliver, or provide on-site service if you prefer.

Below are some of the hydraulic components we service:

- Hydraulic cylinders
- Hydraulic pumps
- Hydraulic motors
- Hydraulic control valves
- Hydraulic fittings
- Hydraulic pistons
- Hydraulic gearbox
- Hydraulic power systems / units / packs
- Hydraulic hoses / fittings
- Hydraulic seats / kits / packing glands

When you need hydraulic parts and accessories, Champion Hydraulics has you covered. As an authorized stocking distributor for Kuryema of America, Lyndal, and Thompson Industries, we can offer a wide variety of quality products and options for your specific application.

Our experienced craftsmen also provide extensive machining, milling and fabricating services to meet the demanding specifications of unique repairs or production designs. We have both the personnel and equipment to disassemble, repair and reassemble a wide variety of hydraulic pumps, cylinders, components and accessories.

Contact Champion Hydraulics when your hydraulic equipment is in need of repair.

**OUR CUSTOMER SUPPORT**

We offer complimentary pickup and delivery, as well as warranty on all hydraulic service repairs. On-site repair and rush service available upon request.

**HYDRAULIC EQUIPMENT TESTING**

ENSURING PROPER REPAIR THE FIRST TIME

Champion Hydraulics offers testing and troubleshooting for all of our hydraulic repair services. If your equipment is not working properly, we can evaluate the situation in order to determine the best course of action to get your equipment going again.

Some of the common issues our customers face include:

- Oil leak in cylinder
- Low oil supply
- Cracked cylinder tube
- Excessive pump wear
- Worn or damaged hydraulic pump
- Excessive noise
- Undersized system for application

By troubleshooting before recommending a hydraulic repair service, we can help you determine the best solution and/or product for the application, and can often save you time and money in the process.

With on-site service as well as pick-up and delivery, Champion Hydraulics is your one source for all things hydraulic. Contact us today for your next service request.
