About Chapman Custom Baths

Chapman Custom Baths is a family-owned business that provides Indianapolis area homeowners and businesses with the expertise to help them renovate their baths with style, durability and affordability. The company, created by Jon Chapman in 2013, specializes in high-quality, customized showers, tub replacements, vanities and accessories for the modern bath.

Chapman Custom Baths is an authorized Indiana dealer of The Onyx Collection of bathroom showers and surrounds, designed to fit any bathroom's color, shape or size requirements. Chapman Custom Baths provides on-site consultation, measurements and installation of high-quality bath products for the following Indianapolis-area customers:

- Homeowners
- Healthcare / assisted living facilities
- Hotels / motels
- Home builders
- General contractors
- Plumbers
- Interior designers
- Kitchen and bath companies

About the Owner:

Owner/Operator Jon Chapman has extensive experience in the bathroom remodeling and design industry, having previously owned a PermaGlaze bath refinishing franchise from 2008 – 2012 in the community of Watertown, South Dakota. His previous company – called Unique Kitchen and Bath – specialized in everything from refinishing to shower installations, tub-to-shower conversions, kitchen countertops and more.

In 2009, Chapman discovered The Onyx Collection of bath products at a trade show, and soon became an authorized dealer for the manufacturer of shower bases, wall panels, tub surrounds, vanities, accessories and trims. He believed so strongly in the quality of the product, that when he sold his South Dakota-based kitchen and bath company in October of 2012 and relocated to the “warmer climate” of Indianapolis, Indiana, he launched Chapman Custom Baths in order to bring the product to the Indiana bath remodeling market.

Chapman’s girlfriend, Jessica, helps manage the day-to-day aspects of Chapman Custom Baths. Jon and Jessica reside in Brownsburg, Indiana – in Hendricks County - with their two daughters, Hannah and Sydney.

Bathroom Remodeling

Other bath remodeling options offer “one-sheet solutions” that simply cover up your old tubs or showers. These tub and shower liners also cover up the dangerous mold, mildew and other issues behind them, and create more problems if water gets between the liners. Tile involves thousands of dollars in installation costs, and requires much upkeep to maintain its original appearance. Refinishing a bath tub can be cost-effective, but won't last forever. Chapman Custom Baths of Indiana offers a completely new solution for all of your bathroom renovation needs.

If you are looking to design a custom bathroom that looks beautiful and lasts forever, let Chapman Custom Baths help you create the space you envision.

Whether you are a do-it-yourselfer, a custom home builder or hotel chain, you'll appreciate the beauty, customization and durability of Chapman Custom Bath's solid surface bath products from The Onyx Collection. With these American-made bath products, guaranteed to last forever, you can transform your bathroom with a variety of style and design options, featuring:

- Shower bases and wall panels (more than 60 standard sizes)
- Shower wall panels (customized to fit)
- Vanities / Lavatories (53 standard sizes)
- Handicapped-accessible bath options (ramps, handles, walk-in-bathtubs)
- Tub decks and tub surrounds
- Shower seats
- Matching accessories (seats, ramps, shelves, hooks, and benches)
- Custom trim options (crown molding, chair rails, baseboards, window and door casings and trim)
- Over 60 colors
- 4 Wall panel finishes

You can choose from many standard sizes, or customize to any color to match your décor – from traditional to contemporary. Chapman Custom Baths will consult with you, measure your bathroom and help you order the perfect products for your bathroom remodeling needs.

When it's time to install, Chapman Custom Baths can tear out and install your new bath for you, work with your existing bathroom contractor, or provide instruction for that do-it-yourselfer. Contact us to learn more and schedule your free bath design consultation.

Shower Enclosures

Shower remodeling just got easier when you install one of Chapman Custom Bath's quality shower bases with wall panels and accessories. The unique chemistry and design of these showers give you a custom look that lasts forever. We offer a variety of shower design and style options, colors and finishes to match your design specifications – plus we offer standard and custom shower size options for the perfect fit in every bathroom.

Shower Style Options:

- Standard bases ranging from 32" –60" in more than 60 styles and options
- Full-height or low-profile curb
- Add-on or built-in ramps for handicapped-accessibility (ADA)
- 4 wall-panel finishes (gloss, matte, slate, tile)
- Over 60 color selections
- Border, stripe and graphic inlay for a custom-designed look
- Shower doors, drains, trim and accessories to match
- Matching sink vanities, tub surrounds, window sills, door trim also available
- Custom showers available to accommodate walk-in designs, angles, steam showers and more
- Commercial showers available for hotel/motel, multi-family and senior/assisted living industries

Chapman Custom Baths offers a free on-site consultation in the Indianapolis and surrounding area to help you select the perfect shower for your bathroom renovation. Our experienced bathroom remodeling contractors will measure your space, provide you with shower design samples and order the shower bases, wall panels, accessories and trim for your project. When you're ready to install, we can provide guidance to you or your bathroom remodeling contractor, or simply allow one of our trained contractors to install your shower for you.

Bathroom Vanities

Customize the look of your contemporary or traditional bathroom with Chapman Custom Baths' vanity tops, available in standard and custom sizes and colors to match your shower or bathtub surround. We'll handle the measuring, ordering, delivery, as well as the tear-out and installation of your bathroom vanity / lavatory, if you prefer.

Bath Vanity / Countertop Options:

- Standard bowls and sizes, from recessed to non-recessed to Olympic and ADA
- Multiple color and style options for a custom look
- Raised, flat, ogee or beveled edge style profiles
- Single and double-bowls
- Integral and drop-in bowls available
- Angled and corner options with custom vanity designs
- Extra thick 1" and 1 ½" edges available
- Single or multiple hole cut-outs for faucets and soap dispensers
- Can coordinate with Chapman Custom Baths' shower enclosures and tub surrounds
- Perfect for commercial applications (hotel/motel, multi-family, senior living facilities)
- Button below: View vanity options, colors and gallery available at The Onyx Collection

If you are designing or renovating a bathroom in the Indianapolis metro area, and would love the luxury look for less, Chapman Custom Baths can create the perfect custom vanity that not only looks good, but lasts forever. Contact us for a free, on-site bath design consultation.

Tub Surrounds

Imagine a beautiful, custom surround or deck to fit your soaking tub, jetted tub or even walk-in bathtub. With Chapman Custom Baths of Indianapolis, if you envision it, we can create it for you (and install it too!) Our tub surrounds feature a high-quality resin guaranteed to last forever and provide years of enjoyment.

Features of our Tub Decks and Surrounds:

- Maintenance-free tub decks and surrounds
- Variety of color and texture options for a custom look
- Designed in any angle, shape or curve, up to 146" x 102" in size
- Can be built with skirting, backsplash, stairs, benches and more
- View options and colors available at The Onyx Collection

If you live in the Indianapolis areas, Chapman Custom Baths offers a quick, no-hassle, no commitment [bath design consultation and quote](#). We can help you measure your tub area and select the right tub surround or deck design for your unique bathroom renovation. With fast delivery and installation available from our trained bath remodeling contractors, you'll love your new, elegant bathroom in no time.
